

DHL FISH HATCHERY & DAM

The Dale Hollow National Fish Hatchery is a huge asset not only to the Dale Hollow Lake region, but to our nation. They fill a vital role in the management of our nation's fishery resources. In addition to this aspect of their duties, they welcome more than 50,000 visitors annually to view the hatchery, aquarium and visitor center in Celina, TN. They provide off site presentations throughout the year, as well as maintaining a walking area and exercise road. There is also a public fishing area with plenty of space to view nature.

Each year, the Dale Hollow Lake Fish Hatchery plays host to a Kids Fishing Rodeo. What better way can we inspire our young people to connect with Dale Hollow Lake? Bring your children, grandchildren, nieces and nephews to the DHL National Fish Hatchery on June 6th for a fun morning of fishing and great prizes. They are sure to have an experience that they will not soon forget.

Andrew Currie, Hatchery Manager, welcomes everyone interested to stop by to tour the facility. He and his staff enjoy meeting their many visitors. They are open daily from 7:30AM-3:30PM (CST). Each tour includes a visit to the aquarium, visitor center, short film and a hatchery tour. They are located at 145 Fish Hatchery Rd., Celina, TN 38551.

They are also working to establish a "Friends Group". These groups have proven to be quite beneficial to the public lands throughout the region; helping to support various projects, events and activities that promote community support, education and the work of the facilities. If anyone is interested in participating, please give Andrew or his staff a call at (931) 243-2443.
