Each year we receive hundreds of photos, all of which we thoroughly enjoy. We know that by sending your treasured photos, you are sharing a portion of the wonder of Dale Hollow Lake that lives within your hearts. These are your special memories that you are sharing with us. Most of the time, all we receive are the photos. On occasion, someone takes the time to also share in words what their picture means to them. They are wonderful happy memories that have been made around the lake. This year, we received a special letter from M. Thomas. Her letter touched our hearts and we would like to share it with you along with her photo. We didn't use her full name to help protect her privacy.

My name is M. Thomas. I want to tell you the story behind this picture.

In March 08, I found out I had breast cancer. In April 08, I had both breasts removed. About 2 weeks after surgery, I was at my mother's sitting in her yard, thinking about life and all the things I'll miss and things I love, if I don't beat this. And this butterfly landed on the lilac bush beside me. So, I thought of the song: *Love is Like a Butterfly!*

Now, I'm taking chemo for the rest of the summer. So everyday, I think of this butterfly and the things and people I love.

Thank you for your time
